SECTION 00 45 70.01 – CERTIFICATE OF PROPOSER REGARDING NONDISCRIMINATION IN CONTRACTS AND BENEFITS

Proposer, by submitting the attached Price Proposal Form, hereby acknowledges that Proposer has read and will comply with chapter 12B" Nondiscrimination in Contracts" of the Administrative Code and attests to the following *(please check the applicable box):*

1

☐ CERTIFIED: The San Francisco Contract Monitoring Division ("CMD") has certified that Proposer is in compliance with chapter 12B of the Administrative Code, and all applicable related requirements as specified in the Contract Documents, and the certification is in effect on the due date of the Proposal. SFPUC encourages all Proposers to be certified prior to the Due Date of the Proposals.

☐ CERTIFICATION PENDING: Proposer has submitted Form 3 and all required documentation to the CMD seeking certification of compliance with chapter 12B, and determination of compliance is pending review by the CMD. Proposer agrees to resolve all non-compliance through conciliation with CMD as a condition precedent to award of the Contract. If the CMD determines that Proposer is non-compliant, Proposer's Proposal shall be deemed non-responsive.

☐ NOT CERTIFIED: Proposer acknowledges that full compliance with chapter 12B of the Administrative Code is a condition precedent for award of the Contract, and if determined to be the highest-scoring Proposer, Proposer will submit all required documentation within 10 working days after the Proposal scores are announced. If the CMD determines that Proposer is non-compliant, Proposer's Proposal shall be deemed non-responsive.

Notes:
The text chapter 12B of the Administrative Code is available from the CMD, 30 Van Ness Avenue, Suite 200, San Francisco 94102-6020, telephone (415) 581-2310 and posted on the Web at http://www.sfgov.org/cmd. Compliance with the requirements of Chapter 12B is a condition precedent to receiving a contract. Non-compliant Proposers are advised to submit Form 3 and accompanying documentation to the CMD at the earliest possible opportunity to avoid delays in obtaining certification with these requirements; waiting to file during the 10 day period after the due date of Proposals could cause delays, which can result in the SFPUC instead awarding the Contract to the next highest-ranked Proposer.

The above Certification is part of the Proposal. Signing the Price Proposal Form (Section 00 41 10.10) shall also constitute signature of this Certification.

FORM 2A/TP/NP: CMD CONTRACT PARTICIPATION FORM/TRADE PACKAGE

This Form implements the listing requirements of Administrative Code § 14B.19 for LBE subs who will perform trade package work.

Trade package bidder shall complete and submit this Form 2A/TP/NP with its bid. In the event the trade package low bidder fails to meet the stated requirement, the bidder shall be allowed to make up the requirement within two weeks of bid opening, provided the bidder does not violate the California Subletting and Subcontracting Fair Practices Act (Public Contract Code Section 4100 et seq.). Failure by the bidder to achieve the requirement within the two week period, or within some other time allowed by the Director in writing, shall deem the bidder ineligible for award of the trade package subcontract. In such an instance, the Director and the Prime Contractor shall evaluate the second low bidder in the same manner for potential contract award.

Bidder's Form 2A/TP/NP submitted with its Bid shall identify each LBE sub (regardless of dollar amount of subcontract) for whom bidder seeks credit toward the LBE participation requirement set for the trade package. At a minimum, bidder must provide the following information with its bid for each LBE: (i) type of firm [Box 1]; (ii) firm name [Box 2]; (iii) location of the place of business [Box 3]; (iv) portion of the work that will be performed by the LBE [Box 4]; and (v) amount of subcontract work [Box 10]. Failure by trade package bidder to include the minimum identifying information specified above with the bid may make it impossible for CMD to determine whether or not bidder has met the LBE trade package participation requirement and, therefore, may result in a determination that the bid is non-responsive. A bidder must satisfy the LBE trade package participation requirement by using CMD certified Small and Micro-LBEs, unless the bid documents or request for proposals specifically authorizes the use of SPFUC LBEs and/or SBA-LBEs to meet the LBE subcontracting participation requirement. A Small or Micro-LBE trade package bidder may count its own participation toward meeting the LBE trade package participation requirement for the trade package.

Refer to Subsection 1.02(B)(2)(a) of CMD Attachment 7 for additional information regarding the use of this Form and application of the grace period authorized by Administrative Code § 14B.19.
